strand

The Strand folding table can be easily flipped, nested and rolled away when a table is no longer needed. In contrast, it can be unfolded quickly to be used again.

1. Flexible backrest frame 2. Foldable seat 3. Foldable table Top

The Strand folding chair is a practical and ideal design combining fashion and modern construction. This chair offers a foldable seat allowing you to maximize office space and simplify storage.

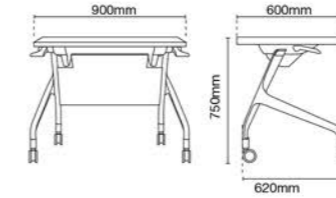

The Strand folding table's easy operation enables it to be conveniently set up and arranged to suit all workplace functions be it for training, meeting, group discussion or even for lounge purposes. It's practicality encourages space utilization in today's office requirements.
